Daly City In Battle On Proposed City Northgate Limits

Daly City officials appeared at a county boundary commission meeting yesterday (Thursday) afternoon to protest the proposed boundaries for Northgate, City Attorney Frank Blum has announced.

Despite the removal of the Christianson ranch and the Lake Merced Golf course from within the limits of the proposed sixth-class city, the Northgate boundaries still include at least five areas planned for annexation to Daly City.

In a letter to the Board of Supervisors, Blum claimed that Daly City has prior jurisdiction over the disputed area.

"The city has attempted to co-operate with the proponents for the incorporation of Northgate—but in view of their continued request to your body and amendments to the proposed boundaries without consulting Daly City, we are unable to give you more information," Blum's letter read.

Council members have said that they would have no objection to Broadmoor, Sterling Park and Garden Village incorporation, but that they will not approve the Northgate boundaries as they now stand.

Considered most important by the council is an area zoned for industrial near the railroad tracks.

The council again postponed action on the Conti-Bocci strip annexation Monday night on the advice of Blum, who said he needed another week to investigate the legalities of the complicated annexation-incorporation procedure.

Approval of the strip annexation, which literally bisects the proposed Northgate, would stymie incorporation.

Blum said today that he will ask approval of Colma and South San Francisco on the strip annexation "merely as a courtesy."

Uranium!
This word, more magic than gold, may be on the lips of many Daly City residents soon.

Our confidential informant reveals that a geiger counter waved around in the quarry area at Mission and Brunswick street showed some pretty reassuring pips.

In fact, one of the property owners has purchased \$500 worth of radiation detecting apparatus to continue his prospecting, so it must be more than a rumor.

Rumbles are that sale of RUDIE TRETEN'S Redwood Room on Junipero Serra boulevard is pending.

Also along barroom row, ED CASTAGNETTO, proprietor of the Cas N' Ray in Colma, and a very good golfer, proved his versatility last weekend by picking up all the marbles in a state skeet shoot.

The nudes returned. Friday afternoon local police received report of several unclad humans cavorting on the beach opposite the Olympic club.

The local cops didn't get to nab the beachside nudist chapter, as it was in the sheriff's jurisdiction.

IRWIN COHEN, the plaintiff who seeks to unseat Westlake Improvement association's five-man board of directors, maintaining their election was illegal, probably won't be able to testify in court next month. He's been laid up in the hospital for nearly a month now.

JOSEPH LEWKOWITZ, proprietor of DC Super Service gas dispensary, is planning a big hoo-down next month to celebrate his eighth anniversary in business.

Joe says he'll have all kinds of contests, fun and games, etc., in (Continued on Page 2)

Krueger Is New B'moor Cop Official

Le Roy Krueger, 42-year-old manager of King's Market, was named Tuesday by the county board of supervisors to fill the Broadmoor police commission post vacated last month by Joseph Bel-li Jr.

Married and the father of three children, Krueger resides at 1816 Louvaine drive, where he has lived for nearly six years.

He will serve on the commission until April, 1956, to complete Bel-li's unexpired term.

Krueger's appointment was made unanimously after nomination by Supervisor Thomas Callan Sr. of Colma.

The new commissioner is past president of Broadmoor Property Owners association and past chairman of the Boy Scout and Cub Scout committees in the Broadmoor area.

Council Authorizes Edwin Smith As DC Consulting Engineer

Former City Engineer Edwin H. Smith will be kept on in an honorary position of consulting engineer, the city council in a meeting with Smith decided Monday night.

"It will take someone seven to eight years to find out what I know about this district," Smith told the council, in making his request.

The engineer revealed that he favored the establishment of an engineering department here and explained that it leaves him free to take a job with Richmond developers. Smith added that his new position will include developing a master plan for 2600 acres of land in Richmond.

Four projects were discussed at the meeting:

1. Drainage. The council agreed to pay Smith \$6500 to bring the drainage project up to public hearing. At that time, council members will determine whether Smith will continue or work will be turned over to the city engineer.
2. Water System. The council agreed to limit Smith to another \$1000 to complete work.
3. Gas Tax. Smith told the council that this project will be finished this month.
4. Doelger Tract Inspection. Smith recommended that Lawrence Shaw be hired by the city because of his thorough knowledge (Continued on Page 2)

Robert Hunter Named DC City Accountant

Robert Hunter, 437 Santa Barbara avenue, will be appointed to the position of city accountant next Monday night at the council meeting.

Hunter, of Hunter, Lukes and Bassoni, public accountants firm, will take the position now held by Herbert Thielmeyer.

Reason for change of personnel is the advantage of having a local man available, according to the council.

Hunter will sign a two-year contract.

THE FATE OF dogs like "Tippy Canoe," shown here with three of his friends, will probably be decided in a few weeks by the Daly City council. In a poll this week by THE RECORD, citizens overwhelmingly recom-

mended passage of a dog leash ordinance. First requested by two irate women, the controversial ordinance will come under discussion at next week's council meeting. City Manager Howard Stites reported this week that Daly City's record of two dog

bites per week has reached "dangerous proportions." Here with "Tippy Canoe" are his owner, Kathy Burns, 859 Niantic avenue; and Jackie and Candy Foster, 432 Citrus avenue.

POLL REVEALS LOCAL RESIDENTS WANT DC DOG LEASH ORDINANCE

A dog leash ordinance is in order.

So voted an overwhelming majority of Daly City residents in a poll taken this week by THE RECORD.

Casting yes votes to the question, "would you favor a dog leash ordinance in Daly City," were 23 out of 30 persons polled. Two Westlake women said they had no opinion on the subject, one man declined to give a yes or no answer, and four persons declared they would not favor such an ordinance.

The possibility of Daly City passing a dog leash ordinance arose recently when two local women appeared before the council to request that such action be taken.

City Manager Howard I. Stites, after investigating the situation, told council members Monday night that Daly City's record of two dog bites every week is reaching "dangerous proportions."

Stites added that he would continue his investigation and report on possible dog leash ordinance next Monday night.

Of the total number polled, seven own dogs.

Most frequent complaints against stray dogs were damage to gardens and injury to children.

Old Daly City
First to be polled in the old Daly City area was Ray Charette, 75 Mission circle, who raises birds, but does not own a dog. "I'm a firm believer that people who have animals should take care of them," Charette declared.

Charette declined a yes or no answer.

Lewis R. Herriek, 68 Miriam street, cast a yes vote and stated that stray dogs have caused trouble in his neighborhood.

Agreeing with Herriek was Fred Fitzgerald, 10A Bepler street, who declared there "definitely" should be a leash law.

"I'm for it 100 per cent," answered Mrs. Lawrence Rosheim, 156 West Moltke street. Mrs. Rosheim said that although she owns a dog, she keeps him inside.

"Scared of Dogs"
Mrs. Jim R. Crowley, 514 Templeton avenue, voted in favor of the ordinance, at the same time admitting that she's "scared of stray dogs."

Absolutely, were the sentiments of Mrs. Kenneth F. Palmer, 51 Hillsdale avenue.

Robert B. Stickle, 32 Acton street, also declared that he would favor such an ordinance.

"Yes, I think it would be a good idea," answered Mrs. Thomas H. Owen, 6848 Mission street. Mrs. Owen, who owns a dog, added, "I'm not against dogs, but only believe in proper supervision."

"It's not a bad idea," replied Mrs. M. Parenti, 134 San Diego avenue, who stated that she always keeps her own dog on a leash.

Westlake section of Daly City was Mrs. Denman Hammond, 65 Fairway drive, who declared she "hates to see a dog leashed in."

Except for two no opinion votes, the remainder of Westlake persons voted for the ordinance.

Changing her mind in favor of the ordinance was Mrs. Joseph T. Maggio, 950 Wildwood avenue.

Mrs. Robert Bianchi, 9 Westdale avenue, declared that although she likes dogs, she doesn't like them on her plants.

"I certainly would approve such an ordinance," answered Mrs. James P. Holden, 1124 South Mayfair avenue. "We've never allowed our dogs to go out and ruin other people's property."

Mrs. Clifford C. Snider, 748 Southgate avenue, agreed that stray dogs were detrimental to gardens.

"Chosen Lot"
"By all means," replied Mrs. Herbert W. Jack, 31 Westridge drive. "We've got the chosen lot of stray dogs in our garden."

Mrs. Richard J. Herman, 43 Parkway drive, although specifying that people in her neighborhood generally keep their dogs leashed, said that she would favor the ordinance.

Mrs. R. A. Morrison, 251 Westbrook avenue, declared that she thought the ordinance would be a good idea because of dogs "ruining lawns."

"I think it would be merited for the safety of children," said Mrs. Thomas F. Tachis, 70 Pinehaven drive. Mrs. Tachis has five children.

Mrs. Edgar Stephenson, Jr., 24 Fairway drive, answered that she would approve a dog leash ordinance.

Protest Children
"It would be a good idea for children's protection," replied Mrs. Richard W. McHugh, 985 Wildwood avenue.

Bob Hope Gives Columnist Exclusive Interview In SF

(Ed. note: THE RECORD TV-Radio columnist Mona Baker won a singular honor last week when she became the only newspaper writer to have a personal interview with Comedian Bob Hope.)

By MONA BAKER

"How do you like working in television?" we questioned a gracious but rather weary Bob Hope, famous NBC star, as we stopped by his table at the Forbidden City last week following his stage appearance at the Paramount Theater another lap in his whirlwind tour around the country on behalf of his new movie "The Seven Little Foys." Emphatically and with obvious enthusiasm he replied "I love it!... I've just signed a five year contract with NBC."

In town for the opening of the picture the star has appeared in many cities throughout the United States during the past several

weeks since the premiere of the film in Australia.

In answer to our question about his television plans the star said that he will be doing eight hour-long variety programs which will be seen on the NBC network, KRON-TV in San Francisco, during the 1955-56 season. In addition he will be featured from time to time on KNBC's weekend service program "Monitor."

Bob's new contract which was recently announced by Sylvester L. Weaver Jr., President of NBC, provides for the star's exclusive services in television with the National Broadcasting Company for five years. In commenting on the contract, Mr. Weaver said: "It is always gratifying for NBC to announce a renewal of its association with such a talented personality as Bob Hope. Through many years, 'The Bob Hope Show' on both NBC Radio and Television has meant outstanding, wholesome entertainment to millions. Under this new contract, we look forward to even greater successes by Bob in the future."

ASK DELAY ON PERKINS BUS UNTIL JITNEYS SUBMIT PUC REQUEST

City Attorney Frank Blum said today that he will ask that the Daly City council authorize him to make formal request of the Public Utilities commission to wait decision on the Bert Perkins application to operate in Broadmoor until after the Northgate Transit company (jitneys) have filed a similar application.

The jitney owners have not yet filed for PUC approval to run in Broadmoor, according to John A. Rowe, Jr., PUC examiner. Attorney for the Northgate company, John Putkey, declared today that

jitney operators will probably decide soon when they will apply.

Northgate Transit officials agreed at the request of the Daly City council on July 5 to "apply and use due diligence" to procure a certificate of necessity from the state PUC to operate in the unincorporated areas.

The Perkins hearing for a bus line between Broadmoor and the West Portal district in San Francisco was held Friday.

Opponents of the proposed line were Daly City, San Francisco and Pacific Greyhound lines. Speaking in favor of the Perkins line were Amos L. Bechtold and Joseph Cartwright from Broadmoor and representative of the West Portal merchants.

"One thousand members of the Broadmoor Property Owners' association have approved the petition of Mr. Perkins, Bechtold told the commission.

In opposition Blum told the city council Monday night that he had stated that the Perkins bus line was not the unanimous decision of the people in the area.

The city attorney also declared that he had objected to the Perkins line because of dangerous stopping places.

The other possibility for transportation in Broadmoor, that of the Henry Doelger subsidized No. 76 line, still appeared to be uncertain this week. According to Jack Kendree, Doelger representative, Municipal Railway has not yet made their decision on whether the line will operate in Broadmoor.

Kendree said, however, that it "looks like" the line might extend into Broadmoor.

Local Cop Catches Rapist Escapee, 14

A 14-year-old convicted rapist, who escaped from the Youth Guidance center at 3 p.m. Wednesday, was caught by local police here less than two hours after his escape.

The train of events started when Mrs. Jean Adams, 526 San Diego avenue, called police to say she had returned to her home at 4:30 p.m. to find a youth changing his clothes in her bedroom.

Mrs. Adams told officers that the youth, still clutching the clothes, fled when she appeared. Less than 15 minutes after Mrs. Adams call, the boy was caught by Officer Robert Crocker in the 300 block of Vista Grande avenue.

Crocker said that he found the boy with the help of persons who had spotted him fleeing Mrs. Adams' house and watched him run through Marchbanks park.

The youth, who is from San Francisco, was turned over to juvenile authorities in that city.

JEFF ELEMENTARY TRUSTEES AWAKE TO 5c REC TAX

Much to the surprise of certain members of the Jefferson Elementary school board, it was learned by the board that they had at their last meeting approved a five-cent recreation tax in the preliminary budget.

Question of the tax was brought to the trustees' attention by Mrs. Helen Cheatham, former board chairman.

"Are you sneaking this in or are you going to plan a program?" she asked the present trustees.

Superintendent H. Z. Weibel answered her question by stating that the board could still revise the budget up until August 3, when (Continued on Page 2)

Police Chief Roland Petrocchi, in an about face this week, recommended that the Hilltop Lodge be granted a dance permit. Earlier the chief had recommended that the permit be refused the local nitery, which is faced with revocation of liquor license because of alleged narcotics activities.

Appeal of the April 7 decision of the state liquor control department has not yet been scheduled.

In a letter to City Manager Howard Stites signed by Police Lieutenant Roy Beecher, grant of the permit was recommended. Petrocchi began his vacation Monday.

The letter read: "I (Beecher) have spoken to Chief Petrocchi and he feels that a permit should be granted in as much as the owners of the Hilltop Lodge have so much at stake and any violation of the ordinance would revoke their license."

Second Request
The recommendation accompanied a second request by owners of Hilltop Lodge, 221 Hillcrest drive, for grant of the permit.

Council members turned down the first request for a dance permit on May 16 during a study session but have since been besieged at practically every meeting by George Kirchhubel, co-owner of the tavern.

Other owners are Kirchhubel's wife, Ann, and Dan Pallas. Petrocchi further explained his action to THE RECORD today, saying, "I feel that grant of the dance permit would put a further control on the Hilltop Lodge."

"They'd be afraid to take any chances," he added, "because if they did and their dance permit were revoked, it would mean the end of both their liquor license and their dance permit."

Kirchhubel Speaks
Kirchhubel's remarks at Monday night's council study session echoed Petrocchi's sentiments.

"I can't go out of line," the bar owner told the council, "and this appeal might drag on for a year."

Councilman Sanford Vickers interjected, "I think the council would look foolish, granting you a permit now."

He added, "What's happened to bring about this turn of events?" "I didn't want to put Petrocchi on the spot," insisted Kirchhubel.

"All the council wants to know is why Petrocchi changed his mind," replied Councilman Michael (Continued on Page 2)

DC, SF POLICE ARREST WANTED EX-CONVICT HERE

Local officers joined with San Francisco police Wednesday afternoon in the arrest here of Arthur R. Felix, 33, former convict wanted for armed robbery in San Francisco.

According to Lieutenant Roy Beecher, San Francisco police were tipped off that Felix could be found at the home of Myrtle O'Keefe, 574 Crocker avenue.

At 4:30 p.m. San Francisco officers with Beecher, Sergeant August Benassini and Officer Richard Phillips left for the Crocker avenue house. While the remaining police surrounded the house, Beecher and a San Francisco policeman entered.

Felix and Mrs. O'Keefe were eating dinner at the time, Beecher said.

"At first Felix gave a phony name, but was finally persuaded that it would be smarter to confess," Beecher said.

Police have been searching for Felix for over a month in connection with a San Francisco grocery store robbery. Felix was identified by the woman proprietor of the store who tore off his mask during the robbery. She was severely beaten by Felix, according to police.

Felix, who has a long record, has only recently been released from San Quentin prison, Beecher said.

times because of his outstanding record of showmanship and aid to charitable causes. Despite the time and hard work necessary to attain success in his many activities, Hope has devoted a great deal of his time to shows for the armed forces and benefit performances. He was selected as the only representative of the show world to have his statue in "The Living Hall of Washington, 1944," a historical collection of statues of notable public men of wartime placed in the Smithsonian Institution, Washington, D. C.

In the brief time we had to talk to Bob, we could sense this great humanitarian quality, and were impressed by his genial and pleasant manner. Other people stopped by to say "hello" and he was most gracious and friendly. He even took time out to sign his autograph for little four-year old Bradford Huie, son of Edward Huie, Assistant manager of the Forbidden City. The child walked over to the table and said, "Where's Bob Hope? ... oh yes, I know you ... I see you on television."

On the suggestion of Mayor Joseph J. Verducci, Stites was authorized by the council to see if the city could do anything to speed the Hilltop's appeal. Kirchhubel advised that Stites contact the tavern owner's attorney, John J. Fahey, Jr.

"I'm certain I'll win," Kirchhubel predicted. "I'm just as much guilty as anyone in this room."

Discussion ended with the council advising Stites to request Petroschi to further explain his change of mind in a letter to the council.

Do Trustees' Kids Have 'Hand-Picked' Teachers, Is Claim

(Continued from Page 1)

"I've heard that children of board members have their teachers hand-picked at Colma school."

So charged Jefferson Elementary School Trustee Hartley Appleton at a meeting of the school board Monday night.

The statement arose during discussion of a new principal for Colma school, following the announcement at the last board meeting that Hillard Alfson is quitting the district.

"I've heard adverse criticism of the seventh and eighth grade Colma school," Appleton told other board members. "Neither am I satisfied with Alfson's reason for leaving."

He continued that he considered Alfson's departure "most peculiar."

Mrs. Irvin Silberstein, 157 Wilshire avenue, rose to protest.

"The children at Colma school have never been happier than during the past year," she insisted.

Appleton countered with the statement of "hand-picked teachers" for trustees' children.

"School trustees' children have no more rights than any other child in the district," he insisted.

"This is not pertinent," interjected Trustee Henry Kraus.

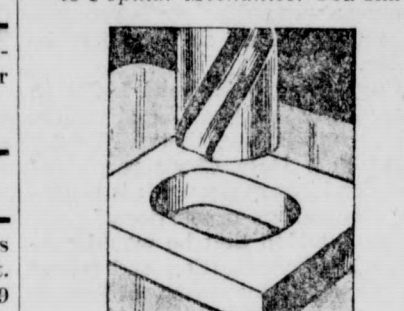

Argument between Kraus and Appleton followed as to whether or not the statement was pertinent.

Kraus' daughter, Trustee Joe Lewkowicz' son and Superintendent H. Z. Weibel's daughter were all in Miss Evelyn Slater's eighth grade class last term.

From Drill to Router

A BROKEN drill may readily be converted into a wood router for small jobs, according to Popular Mechanics. You simply

ply grind the end of the bit at right angles to its length. For the average job, a 5/16" drill is about the right size. This router bit works best when it is used in a drill press, but it also can be used in an electric drill.

"However, it has been the attitude of the board all along that they were in favor of a recreation program," Weibel added.

"I thought the board had passed the recreation tax previously," Trustee Hartley Appleton declared.

Mrs. Katherine Mullen, trustee, commented, "A lot of people have told me that we were pretty slippery slipping that through."

Trustee Henry Kraus agreed. "Taxpayers should have an opportunity to express themselves," he stated.

The board determined that the public will be given an opportunity to speak on the recreation tax, amounting to a total of \$16,000 revenue, at the board meeting on Wednesday.

Another question on the recreation tax was raised when Mrs. Cheatham asked how the money was to be spent.

Weibel replied that it might be used for capital improvements, specifically sand control at Garden Village school.

"The people not affected by the sand problem will have a just gripe if you use that money for sand control," countered Mrs. Cheatham.

The meeting next Wednesday will be held at the administration building starting at 8 p.m.

CONTI-BOCCI ANNEX ONLY RECOURSE?

City of Daly City has registered a valid protest against the proposed boundaries drawn up for the would-be sixth class city of Northgate.

This proposed city, in addition to including Colma unincorporated, Broadmoor, Sterling Park and Garden Village, would engulf at least five areas planned for future annexation and subsequent industrial development by Daly City.

The City of Daly City has, in the past, proffered more than token cooperation to the adjacent unincorporated areas. In every municipal action that affected the outside communities, the council has always extended itself to aid the unincorporated areas.

This friendly attitude has been reciprocated by arbitrary and selfish action on the part of the incorporation faction.

Daly City has consistently practiced the "good neighbor" policy but in this instance, the city cannot sacrifice its opportunity for future development to appease a small group of incorporation enthusiasts whose chances for victory are more remote.

While we do not feel the Conti-Bocci strip annexation, which would bisect the proposed city, should be consummated until the citizens of the "Northgate" area have at least had a chance to vote on incorporation, it may be the city's only recourse in the face of the incorporation group's unwavering stubbornness.

ARTS AND CRAFTS

Good news - The Arts and Crafts Program has a new time schedule beginning July 18. Because of the large attendance we are extending the time from 10 to 12:30 in the mornings and 2-4:30 in the afternoons.

We would like to thank Donna Harrison and Barbara Hess for their wonderful assistance with the younger children at the Olympia school.

Again, pyrocraft braiding was the most popular of the craft activities. Useful articles made of pyrocraft are belts, key chains, bracelet and lanyards, just to mention a few.

Martin Seelig has just completed a very fine lanyard, and his sister Luanne has started a pyrocraft belt.

Fingerprinting was offered to the younger children last week, and met with great success.

New arts and crafts time schedule: Westlake school, Monday and Thursday, 10-12:30; Olympia school, Monday and Thursday, 10-12:30; Jefferson school, Tuesday and Friday, 10-12:30; Colma school, Tuesday, 2-4:30; Crocker school, Wednesday, 10-12:30; Crocker school, Friday, 2-4:30; Community center, Wednesday, 2-4:30.

Movies at Bellevue Hall have been changed from Tuesday 3-5:30 to Thursday 10-12:30.

FRANKFORT

At Frankfort contests of many types seem to be the children's main source of pleasure. Friday, Kathy Heppler won the tetherball tournament for children over 10, while Johnny Kenny was winner of the younger children.

Today we will have a similar contest, plus Chinese checkers, and bat ball. For the age group (4-6) a Treasure Hunt will be held Saturday.

Mike Smyens and Chuckie Oliveira will assist the director in planning the hunt.

Both Larry and Danny Caratti have been practicing their golfing, and have succeeded in getting out of the sand traps fairly well.

EDGEWOOD PARK

Coloring contest at this park is well under way with over 60 participants already.

A vehicle hour was held Saturday. The race was won by John Wildman, Gordon Steele, second, and Carol White, third. The winners even had a chance. The pumping up a hill event was won by Jimmy Weldman, second was Frankie Sears and third was Steven Sears. Last event was a slow bicycle race. The slowest participant, Michael De Bernardi, was the winner with Bobby Brooks second and a very good job was done by Patty Doyle who came in third. Prizes were donated by Lee's Drug Store and the D. C. Hobby Shop.

All the children interested in checkers are now practicing for a tournament to take place next Saturday.

MARCHBANK PARK

Last summer's favorite game of Four Square is coming back into its own. The comeback is being engineered by some of the youngest children at the park. To watch these moppets, ages 3 to 8, rushing helter and skelter after that ball is really a sight. A few of the pint sized players like Johnny Gunderson, age 4, and Calvin Nelson, age 4½, have a little trouble with their feet.

Then, too, we have the experts in the form of the Shaddocks, Teddy, 6, Tommy, 7, and Lonnie, 7½. These boys are a match for any age. Close on the heels of the experts we find troopers, Linda Robertson, Ernie Odell, Melvin and Patty Gunderson and Sandra and Dennis Nelson.

Football is getting an early start this year. Paul Tapia, Westlake Rocket pitching ace, has organized

John Daly Sketch Tells Of Daly City's Namesake

In view of the present Daly City name-change controversy, THE RECORD is presenting this week a short history of John Daly, the man for whom the city was named.

It is interesting to note that even in 1911, they year of incorporation, citizens disagreed over the name to be chosen. "Vista Grande," "Hillcrest," and "Ocean View" were other suggestions.

In an early RECORD, it was printed how the name, Daly City, was adopted:

"The Committee having the matter in hand thoroughly considered a name. Daly City appealed to them (A. L. Stockton, C. A. Johnson and R. S. K. MacMillan). THE RECORD editor was among those who desired another name, but a personal preference on so small a matter should not stand in way of all loyal citizens."

"Furthermore, Daly City is in honor of that grand old pioneer, John Daly, whose name even now is used by the United Railroads in signs on their cars, 'Daly's Hill.' His home on the hill was established 40 years ago, when no other building of any kind could be seen from here."

John Donald Daly, who was often likened to "Buffalo Bill," was born in Boston, Massachusetts, in 1842, and died in San Francisco in 1923 at the age of 81. About 1851 Daly came to San Francisco. After several years of working at dairy ranches in the area, he established the San Mateo Dairy at 1010 Valencia street, Daly City.

After the great San Francisco 1906 fire, Daly and seven other men consolidated and founded the

MOVIES

"The Crimson Pirate" was last week's main feature.

Westlake School drew the largest crowd of the week by packing in 210 children and adults. The attendance at these movies should grow larger week by week.

Here is the schedule: Olympia school, Monday, 10-12; Westlake school, Monday, 1-3; Colma school, Tuesday, 10-12; Crocker school, Tuesday, 1-3; Memorial building, Wed., 10-12; Bellevue hall, Thursday, 10-12.

This weeks movie is "Zamba" starring John Hall.

Next week Clifton Webb will star in "Mr. Scoundrel."

Two For Tonight

By Leonore Brewer

Every so often someone asks us, "Don't you find it hard to find something new to talk about every week? Well, sometimes getting out the column is hard work, but finding the subjects—that's easy. In fact, we have a file of half-done columns that we never finished because something more vital came up that week. We keep these scraps of ideas in fear of that proverbial rainy day when just maybe there won't be something new to talk about."

We've often thought that a "Let's Go Out Tonight" calendar would solve a great many of our problems. In that way we could at least mention worthwhile attractions with perhaps just a word or two of explanation and devote the column entirely to comments on past doings. This idea would be particularly valuable in about a week or two when there will be so much doing in the theatre world that we're already worrying how we are going to get around to all of it, far less have enough column inches to write about it.

Pajama Game Opens

Next Monday, July 25, "The Pajama Game" opens at the Curran. This is a musical version of Richard Bissell's hilarious best-selling novel "7½ Cents," dealing with union versus management problems in the Sleep-Tite Pajama Co. More about this after we see it.

Then, next door at the Geary for three weeks beginning August 2nd will be the D'Oyly Carte Opera Company presenting six Gilbert and Sullivan operettas as only they can give them. Gilbert and Sullivan seems to be a subject on which many people feel violently pro or con. If you are in the latter group, it is probably the result of having experienced too many high school level presentations. After once suffering through half an amateur production of "Gondoliers" we decided to wait for better things. It's been a long wait, brightened by D'Oyly Carte recordings and periodic revivals of the film "The Mikado" featuring the same company with the exception of the role of Nanki-Po which was played by Kenny Baker. It's been a long wait, but it's almost over now.

Recommended Films

We've also thought about running a list of recommended films to take care of the numerous pictures we see but never get around to discussing. In this group is one that will be on the "must" list of everyone who has ever complained that the film industry is catering entirely to the sub-twelve-year-old mental level: "I Am A Camera," previewed at the Coronet Theater the other night.

This adult level comedy stars Julie Harris as Sally Bowles, the role she created on the stage, and Laurence Harvey ("Romeo and Juliet") as Christopher Isherwood who likens himself to a camera with its shutter open, viewing the people he meets in Berlin in the early '30's. Sally, who, if we are to believe what she says, "lives on Prairie Oysters," is an uninhibited girl with conversation to match, and while many of the situations are outspoken they never violate the bounds of good taste.

DC MUNI COURT REVENUE STATIC FOR FIRST HALF

Daly City's revenue from municipal court fines for the first six months of 1955 was almost identical to the amount received during the last six months of 1954, a court report revealed today.

During the first six months of this year the city received \$21,314.58, as compared with \$21,066.44 for the last half of 1954. Colma's revenue, for the same period decreased to \$395.40, from \$501 last year.

The report showed that Daly City's chief source of revenue this year has been moving vehicle citations, bringing in a total of \$10,145.24. The moving violations brought \$350.40 to the Colma city coffers.

Breakdown of other sources showed:

Daly City—non-moving citations, \$3698.16; parking meter citations, \$1757.50; bail forfeitures, \$2377.28; fines, \$336.40.

Colma—bail forfeitures, \$45.

Daly City showed 4476 citations issued for the six months period in 1955, while Colma had 73.

DC Man Charged With Drunk Driving

A Daly City mailman is scheduled to appear on drunk driving charges in Municipal court next Tuesday. Harry E. Watson, 46, 32 Flournoy street, was arrested by local police Sunday evening at 7:10 p.m. only three hours after his car, driven by a woman friend, was involved in an accident here.

Watson was arrested at Como and Mission streets when police saw his car wavering down Mission street for several blocks, they said. A sobriety test at Junipero Serra hospital proved positive, according to police.

Earlier the same day, the mailman's car was involved in an accident at South Mayfair avenue and Fairway drive. Driving Watson's car was Erma Hayden, 45, 24 Como street.

According to officers, Miss Hayden and an unidentified male companion, left the scene of the accident on foot before the arrival of police. Watson's car was left near the scene.

The accident occurred when Mateo R. Gamba, 33, 27 Neville street, San Francisco, attempted a right turn on to Fairway and was struck by Watson's car which was behind him.

Taken to Junipero Serra hospital where they were treated for minor injuries were Gamba, his wife and 7-year-old son, Ronald. Watson was released from custody Monday on \$250 cash bail.

Youth Shot After Fleeing SF Police

Three teen agers were arrested in Daly City Saturday and charged with suspicion of auto theft and hit-and-run driving after a spree in which they demolished two cars, one of them stolen.

The incident began about 2 a.m. when a car owned by George Taffy, 18, of 844 87th street, Colma, smashed through a picket fence at 10 Santa Barbara avenue in the Inglewood district, San Francisco.

Taffy and his two friends, Gary Atwood, 18, of 455 Alvarado street, and a 16-year-old youth, fled on foot to Daly City where they stole a Mercury sedan and drove back to San Francisco.

The sedan drove up to the accident scene with lights turned off and was noticed by a police officer. The youths drove off again, with police in pursuit. The juveniles' speeding car glanced off a brick wall and light pole at San Jose and Niagara avenues and continued on, when the vehicle stalled and the youths again fled on foot. They were found hiding near the scene.

The 16-year-old was held at Youth Guidance Center for possession of a spring blade knife, in addition to the hit-and-run count.

Alleged Colma Bookie Trial Held Over 2 Weeks

Superior Court Judge Edmund Scott Monday ordered the case against Samuel Bernstein, alleged Colma bookie, put over for two weeks, after defense attorney Vernon Vale asked that his indictment be quashed on grounds of illegal search and seizure.

Vale's contention was denied by deputy district attorney Howard Hartley, who said that arresting officers had politely knocked on the door of Bernstein's Colma establishment and Bernstein himself had considerably opened it.

Dismissal Motions For Chinese Are Considered

Motion for dismissal of gambling charges against six Chinese arrested in Colma June 6 was taken under submission Tuesday by Municipal Judge Thomas L. Bocci.

The six defendants are represented by Attorneys John J. Fahey and James Purcell. Bocci will consider the dismissal

The BETTER DRIVING SCHOOL, located at 3977 17th St., S. F., has for a staff member one of the most interesting women we've interviewed in a long time. Her name is Rosella Stewart—height 4 feet 11 inches, weight 130 pounds—disposition: deliberate and delightful—address: 199 Santa Cruz, Daly City—and as to previous experience in driving, well, we'll have to start a new paragraph!

Rosella, who started driving when she was knee high to a grass-hopper, has driven—in addition to ordinary vehicles—a tow truck and, for four years, the United States Mail Truck (the only one, too, for the four years from '50 to Dec. 15, 1954) which serviced 12 Post Offices from Sharns Park to Davenport in Santa Cruz County! The mail job, which was a six days a week—204 miles a day job, was right in keeping, says Rosella, with the Post Office slogan "The mail—come rain, snow, sleet or hail or anything—MUST go through" and she would still be getting it there if increasing population on the coastside and the installation of trucks too heavy for her to handle had not become the Post Office "order of the day."

Now an instructor (and the only woman instructor in S.F.) for the BETTER DRIVING SCHOOL—Rosella's main interest is in teaching safe and sane driving to her pupils. The need for such instruction was made plain to her "on the road."

For your beginning—brush up or particular "problem" driving lessons—ask for Rosella Stewart when you call the BETTER DRIVING SCHOOL at Valencia 4-9600! Pick up, delivery and late model dual control cars.

The RUG MEN, located at 2750 Junipero Serra Blvd., will give you a 20% discount on rugs brought to them and picked up after cleaning. Their work is thorough and backed up with their years of experience in dealing with new carpets and their cleaning experiences with used rugs. Call the RUG MEN at Plaza 5-5840 for further information or just drop into their spacious shop—it's open evenings and Sundays.

That AAA sign outside the CAVALIER MOTEL, on Junipero Serra Blvd., means that the premises are not only recommended by the AAA, but are inspected every month to see that they are kept up to snuff! We recommend the CAVALIER MOTEL, too, for visitors to our town, because it's new—the rooms are oversized—and the rates reasonable. Just \$8.00 for 2 people and \$2.00 for each additional head. CAVALIER MOTEL has rooms—and the kind of beds you want and like—for 2, 3, 4 or 6 people.

Al Arnaudo, who took off—with his wife and son—over the July 4th week for his first complete vacation in 11 years, spent the first three days with virus flu in a virulent form and is still recuperating from it's after effects.

Al is the owner of SHANNON HARDWARE at 6370 Mission St.

The RELISH BAKERY'S Walter Kettler, who usually stays "out back" with the boys who make all the goodies, is "out front" now... Reason? Karl and Isabelle Kettler left last Monday for a three week's vacation in Canada.

Our nomination for two of the most deserving vacationists in Daly City: Jack and Norine Hohl—of McGRAW BROS. PHARMACY—who left last Saturday for a 2 weeks vacation at Rio Nido. Jack, whose quiet good humor is known to all McGraw Bros. customers, said, "Not a vacation the way most people mean it, but a GOOD REST!" (And let's hope they get just that.)

Dr. Charles Mudrick, who makes the rounds—and rounds—around with Dr. Gohar in the GOBAR MEDICAL CENTER on Wellington Ave., left July 15 for a month's vacation to parts known to we know not who.

RUDIE'S RESTAURANT, located at 89th and Junipero Serra Blvd., will give you a full course dinner which includes an 18 ounce Rib Steak for just \$2.50! Delicious, too!

From the DALY CITY DRUG CO., at 6331 Mission St.—Plaza 5-1445, comes a series of eye opening specials: "Tussy" permastick lipsticks, reg. \$1.00, are just 50c—Lovely, "Lariat rope" jewelry, formerly \$3.98, is a giveaway at this special \$1.98 price and for your hair—"Tawn" castle type shampoo, reg. 49c for a 5 ounce bottle, now just 29c. See these and many more at the DALY CITY DRUG CO., S & H Green Stamps with every purchase!

Like the new green paint job on the front of GENOLD'S LIQUOR STORE and also—the display of Ancient Age whiskey combined with the most modern golfing equipment. The latter loaned by courtesy of Chuck Lewis, owner of the new and lovely COLMA GOLF RANGE, located at 3405 Junipero Serra Blvd. (The Lewis' formerly owned another range here in Daly City—then sold out and moved on. Back in town again—both Chuck, his lovely blonde wife and daughter Linda, are happy to be here once more.)

In Broadmoor: WEITZEL'S SHOE STORE "Clearance Sale" is far more than a collection of summer shoes! Back to school shoes, especially for girls, which formerly sold for \$7.95 (we know, because we bought some earlier for our teenager) are now selling for just \$4.99. These are first class merchandise and famous "brand" name shoes. See them—and buy them NOW—at WEITZEL'S SHOE STORE.

"Inside" Fashion information says that those "outside" blouses, by Fritz, in LESLIE'S DRESS SHOP are the latest thing and owner Bill Rubino can verify it by a stack of sales tags for the same. Price is just \$2.95!

KIDDIEVILLE'S "Summer Store Wide Clearance Sale" is still going great guns, but Mrs. Godes, who is usually on hand until the sale is finished, cleared out last Sunday for a week's rest at Hoberg's.

Keep your eyes on those weekend value's at GAMBLE'S WESTERN AUTO SUPPLY CO.! Good ones this week in lamps and end tables—50% OFF!

Woman, 34, Trys Suicide At Trailer Court Here

Daly City police were called Sunday morning by a local trailer court manager on an attempted suicide of one of his women tenants.

When officers arrived at the scene they found Chris Roval, 34, had slashed her wrist with a razor. According to police, Norman Fischer, 119 Vale street, was with Miss Roval in the trailer.

Miss Roval, after much coaxing by officers, agreed to go to Junipero Serra hospital with Fischer. Following treatment, she was released in Fischer's custody, police said.

The attempted suicide occurred at the New San Francisco Motel, 6925 Mission street.

CITY TO CRACK DOWN ON CAR DEALER LOTS

The city council Monday night, after studying a police report on car lots, decided to revise the present regulating ordinance from its present "ambiguous" state.

City Manager Howard Stites told the council that no hearing is required on changing the ordinance because the matter is becoming a "police problem."

Specifically, recommendation by Stites included amending the ordinance to include "car lots of new car dealers" and not only used motions, then decide whether to grant them, or continue with prosecution of the case.

Youth Trio Nabbed In Wild Auto Chase

An 18-year-old Daly City youth, James Chelossi, 4½ Vista Grande avenue, was booked on suspicion of auto theft last weekend after San Francisco police captured him and Ralph L. McKenzie, 19, of 6446 Mission street, after a chase in which McKenzie was shot in the leg.

The chase began when police saw the stolen station wagon at Jones street and Golden Gate avenue weaving erratically.

When they drew alongside, the driver swerved, then roared away at speeds up to 70 miles an hour until it reached a dead end, striking a steel fence and crashing into a wall. The youths jumped out and ran. One officer fired two shots into the air and three at McKenzie after he ignored an order to halt. Chelossi was found hiding under an auto in the parking lot.

McKenzie was treated for a bullet wound in his left thigh and charged with auto theft and suspicion of assault with a deadly weapon.

Car dealers have already received ultimatums by the police department to abide by the present ordinance. Police investigation found recently that many lots in Daly City are minus facilities and correct paving.

Improvement Group Has Enough Proxies For Voting Quorum

Westlake improvement association now has enough proxy votes to call a special election to amend the bylaws, it was learned Monday night at that group's meeting.

C. L. Driscoll and Joseph Toboni, reporting on their campaign to gain proxies, said they received voting franchise from nearly 850 of the 1247 paid-up members.

The association seeks to amend the bylaws so that any number of persons present at the annual election will constitute a quorum. At present the bylaws call for more than half the paid-up members to vote, either in person or by proxy, to make an election valid.

Driscoll said the house-to-house proxy campaign indicated the present board of directors had "overwhelming control."

Toboni revealed, "It was surprising how wonderful they were to us. I think the people of Westlake are behind the board 100 per cent."

Cass Norton, acting vice president for the evening, said the board would probably call a special election to change the bylaws after August 1.

The December 6 general election has been contested by a Westlake resident on the grounds that there was no quorum voting. The association admits there was no quorum, but maintains the directors were duly-appointed by the old board members, on learning of the invalid election. Court decision is due next month.

In other action Monday, the board heard from Theodore Calderoni, 5 Belmont drive, who protested that work on a wall at his home was being held up although a member of the board had approved specifications for the job.

Calderoni said he had received approval of all his neighbors and one board member to proceed with the structure, but that now one person was complaining about the height of the wall.

Calderoni held that height of the wall was within the limit specified by the improvement association.

Norton said the matter would be taken up at the association's next meeting.

BPOA SAYS CORO ANNEX REPORT IS INCONCLUSIVE

The Coro Foundation report on incorporation—annexation reached no conclusion on the advantages of either move, according to a resolution passed Thursday night by Broadmoor Property Owners association board of directors.

The resolution, favored by all the board except newly-named director Bob Buchanan, read: "Resolved that the directors do not believe that the Coro report, which we jointly sponsored as an impartial study, reached any final conclusion that this area would best be served by incorporation as opposed to annexation or vice versa, and that any publicity stating this to be a fact is an attempt to mislead those who are not familiar with the report or its intended purpose."

The ruling came about after widespread publicity, both pro and con, on incorporation of Broadmoor into a city, which is now being proposed.

Meet the Wilsons who set up housekeeping in Napa in 1935

20 YEARS AGO—when Earle and Dorothy Wilson were married, they had just five appliances: range, water heater, waffle iron, toaster and iron.

TODAY—their original home, enlarged and modernized, has 27 more appliances, including a gas furnace, refrigerator, washer, dryer, television set, 5 radios, vacuum cleaner, garbage disposer, 2 electric razors, coffee-maker, sandwich grill, mixer, deep fat fryer, sewing machine, vibrator, sun lamp, 3 electric clocks and a well-equipped work shop.

Today they buy \$15 worth of gas and electricity for \$10

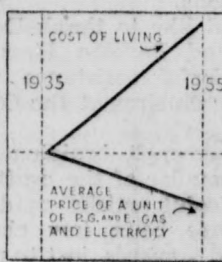

...for the average unit cost is less than in '35

Most Californians—like the Wilsons—have added gas and electric servants over the years. The average California home uses three times as much gas and electricity as twenty years ago. Naturally, your total bill is higher, but the average price of a kilowatt hour of electricity and a cubic foot of gas is about one-third less than in 1935—thanks to mass production economies.

As a result, the Wilson's gas and electric

bill in a recent month was \$10.79. In 1935 the same amount would have cost \$15.55. This same saving will most likely apply to your bill.

Can you think of any other prices that are lower today than 20 years ago? No wonder we say...

FIRST EPISCOPAL SERVICE HERE SET FOR THIS SUNDAY

This Sunday, for the first time, Episcopal services will be conducted in Daly City. The Right Reverend Karl Morgan Block, Bishop of California, will conduct opening services at 4 p.m. at the vicarage, 94 Palmdale avenue.

Temporary services will be conducted every Sunday at 11 a.m. at the vicarage until the completion of St. David's Episcopal church on Southgate avenue, according to the vicar, the Reverend Henry A. Dick. Reverend Dick and his wife arrived Thursday from North Carolina where the vicar served as assistant minister at Christ church, Richmond.

The new Westlake vicar was born in Georgia in 1922. He received his bachelor of arts in chemical engineering from Georgia Tech and went on to receive his Masters in the same subject at the Mechanical Institute of Technology.

His education at Georgia Tech was interrupted for four years when he entered the army. Two of these years were spent in Europe, first with the 75th Infantry and then with the military government.

Following graduation from MIT, Reverend Dick spent the next year at a job and then teaching.

He then entered the Virginia Theological seminary where he gained a Bachelor of Divinity degree in 1953.

When asked why he chose to change his course of living, Reverend Dick replied that "it seemed to mean more."

Following graduation from the seminary, the vicar took the position in North Carolina. While there, he married his wife, Marian, whom he had known since childhood.

The other member of the family is "Feet," a cocker spaniel so named because of his big feet.

In his spare time, Reverend Dick is a golf, tennis and photography enthusiast.

Episcopal services will be held in the basement vicarage, which has been converted into a chapel. According to Reverend Dick, 120 to 150 persons can be accommodated.

Additional services and Sunday school will depend on demands of the congregation.

JOHN MCKINLEY
... Personal Honors

Wednesday by the board of managers, co-workers and his many friends at the "Y."

McKinley is about to take over the position of teaching registrar at the East Contra Costa Junior college.

His four years of service with the YMCA in Stonestown have marked an extraordinary advance in the development of this branch. When McKinley joined the Golden West YMCA in 1951, after serving as camp executive with the Metropolitan "Y" of San Francisco, his headquarters were crowded above a West Portal bakery; membership in the "Y" was small and about 50 teenage boys and girls were organized in "Y" friendship clubs.

Today, the Golden West YMCA operates from one of the most modern and spacious "Y" quarters in the country. Its membership has grown to over 800 sponsor members, and some of the most respected citizens of the West of Twin Peaks area serve on its board.

More than 400 boys and girls are now attached to the Golden West "Y" in high school clubs.

Some 180 fathers and sons have joined the "Y" in Indian tribes under its Indian Guide program.

County Artists Invited To Submit Paintings

All San Mateo county artists are invited to submit paintings to the Peninsula Art Association for the Fine Art Exhibition to be presented for the seventh consecutive year at the San Mateo County Fair and Floral Fiesta. The Fiesta will be held from August 5 through August 13.

This annual event has grown to be one of the largest and most important art events of San Mateo county. In sponsoring it the Peninsula Art association undertakes, each year, one of its major activities in the cultural life of the community. About 200 hundred volunteer workers, all members of the art association, handle every phase of preparation for months before the show is presented and staff the exhibit during the nine days the Fiesta is in progress.

rs recruited from the Sunset outh to Daly City and Broadmoor have made the Golden West YMCA a true community project of the West of Twin Peaks area.

"Y" members of the West of Twin Peaks area will present McKinley with a plaque in appreciation of his outstanding services and offer him their best wishes in his new post.

McKinley lives at 1607 Sweetwood drive.

Smartest car on the road—bar none! The Custom Royal Lancer by Dodge.

Not long ago, you had to figure on spending a lot of money if you wanted to step up to a big luxury car. Then along came this new Dodge—and things happened!

People who were used to paying a thousand dollars more found that Dodge offered all they could desire—at a sensible price.

Owners of medium-priced cars discovered that for the same amount of money, or

less, the new Dodge provided much more roominess, comfort, and more pride.

More, small-car owners found that several models of this big new Dodge even cost less than a tricked-up "lightweight."

Right off the bat, Dodge sales doubled! And we're taking advantage of skyrocketing sales to make you a "Drive It Home" deal you can't turn down. Come in today!

Plan Improvements At Lutheran Savior Church

Extensive improvements on the surroundings and the interior of the Lutheran Church of Our Savior at Junipero Serra and Garfield street in San Francisco will soon be undertaken to make it one of the finest in its neighborhood.

The membership of this "friendly, growing church" is nearing 200 in number; this requires the services of a full-time parish worker, who will start in October to assist the Rev. Luther M. Schliesser Jr., pastor of the church.

He preaches every Sunday at two services, 8:30 and 10:45 a.m. Sunday school convenes at 9:30 a.m., and there is also a Bible study group, which meets every Tuesday morning at 9:30 o'clock for one hour.

BUILDING SAFETY INTO YOUR CAR

We all know that the automobile has undergone some considerable changes in both appearance and power since it first appeared on the American scene, but not too many of us are aware, points out the National Automobile Club, of the quite considerable changes that it has undergone to make it a safer means of transportation.

When the transition from the carriage with a horse to the carriage without a horse was first being made, the coachmakers went to work with a will to turn out some very fancy bodies made entirely of wood, or a little later, of wood with sheet metal nailed over it. All this looked very fine, but if you happened to hit a tree or even an extra large bump in the road, you were apt to end up sitting in the middle of a jumbled heap of sheet metal and quite badly bruised and cut to boot. Today's all steel on steel bodies will take a much greater beating with much greater grace.

The value of petroleum production in California has multiplied more than 100-fold since 1900.

WILSON SAYS HE'LL FIGHT FOR COUNTY HEALTH CLINIC HERE

An "all or nothing at all" attitude this week was taken by Councilman Del Wilson who said that he will hold out for a full-scale county health clinic in Daly City.

According to Wilson, who has represented Daly City at recent county meetings, the newly approved South San Francisco health center does not include all the facilities wanted by Daly City, but is primarily an administration

building. A one-acre site in South San Francisco was approved last week by the Board of Supervisors who authorized County Manager E. R. Stallings to proceed with plans for building an \$80,000 structure. Supervisors have indicated they intend to build a similar structure here.

"I definitely feel the North County should receive some of the benefit from county taxes," Wilson explained, "and a health clinic is badly needed."

No-Hitter Highlights Rec League Action Saturday

Broadmoor No. 2's 8-0, no-hit win over Sharp Park, paced by Phil Fair's superb pitching, highlighted Saturday's action in the intermediate division of Daly City recreation baseball.

Coach Souza's Broadmoor nine, led by Larry Clay's bases-loaded triple, had little trouble disposing of the Coast club. Other Broadmoor hitters were Dick Gino, Gary Podesta, Dennis Downey and Gene Luttenger.

In another intermediate contest, OLPH blasted league-leading Brisbane, 16-5.

In Little League action OLPH maintained the lead by whipping Brisbane, 7-1, for their third straight win.

Suds Nip Broadmoor

In the Junior division the DC Suds nudged Broadmoor, 5-1, off John Spadoni's two-hitter. The score was 2-1, favor of Suds, until the sixth when they exploded for three runs on two hits. Jim Curtin and Spadoni led Suds hitting.

In the afternoon game, Brisbane downed a stubborn Sharp Park nine, 9-6. Don Delbon, Brisbane coach, came up with a new moundman in Barrie Haanen, converted outfielder, who struck out 12 Coastiders. Leading Brisbane batters were Haanen, Phil Stross, Dick Fudge and Bill Strassburger.

PIERETTI NOTCHES TWO-HITTER: SHUTS OUT HOLLYWOOD, 1-0

Marino Pieretti, another Daly City baseball alumnus, did himself proud in Pacific Coast league play Tuesday as he pitched Sacramento to a 1-0, two-hit win over Hollywood.

It was Pieretti's 10th win against eight losses in PCL competition.

Adding luster to his feat, Pieretti banged out one hit in three at bats.

MOSSI, NARLESKI DUO WIN FOR CLEVELAND

Daly City's Don Mossi and Ray Narleski combined pitching efforts for Cleveland Indians last weekend to cut down the New York Yankees, 5-4.

Although Narleski was credited with the win, Mossi stretched to 24 2/3 the number of innings he has not allowed an earned run.

The Indians were forced to recover from a 4-2 deficit to tie the score and go ahead in the eighth.

WATERFOWL FEEDING RULES WILL BE CHANGED

Intent to change California's waterfowl feeding regulations was formally announced at the recent meeting of the Fish and Game Commission in San Diego.

Action on the proposal will be taken at the August 25 session in Los Angeles.

Major point in the proposed changes is a requirement that feed and water must be available from September 1 to the opening of the waterfowl season if the operator wishes to continue through the open season.

As the regulations now stand, feed and water is not necessary until September 15, and may further be deferred if water is not available until October 1.

The earlier date would make the feeding program more effective as a crop depredation control measure and generally strengthen the program.

More effective supervision and enforcement of the entire feeding program also is proposed. Proposed changes in the regulations are the result of two years study of the feeding program which was carried out experimentally as a crop depredation control measure.

Fondled areas provided with waterfowl feed were authorized to keep birds away from growing crops, but the regulations stipulated that such areas must be at least 200 yards away from a shooting blind during the hunting.

B'moor Rec Building Bids \$10,000 Above Directors' Estimate

Broadmoor will have to wait a little longer for its new recreation building.

Bids were received recently for the structure, to be located adjacent to the present community center on White street.

The Broadmoor Property Owners association had estimated the cost at \$18,000. Lowest bid among the four proposals submitted was \$28,000, directors revealed at their meeting Thursday night.

BPOA President Jack Baker called on the building committee to find an alternative of some sort and present it to the board at their next regular meeting, August 11. Baker said the building might have to be modified and the site changed in order to reduce cost to somewhere near the original estimate.

Vincent Cauchi heads the building committee, assisted by Grant Holman, Bob Buchanan and Bucky Zweig.

The directors announced that the recreation program is in full swing. Ross Hilton, administrator, is in charge of the program, while Bob Lincoln is recreation director.

Pitcher Paul Tapia Leads Rockets In 15-2 Win Saturday

The defending champion Westlake Rockets continued on their winning spree Saturday with a 15-2 triumph over the Burlingame Optimists in San Mateo County league baseball.

Once again the opponents were no match for pitcher Paul Tapia, who allowed two hits, a single in the second inning and a blooper safety in the seventh frame, while striking out 14 in the seven-inning distance. In registering his second straight win, Tapia now has a total of 26 strikeouts in two games.

With the score tied at one apiece in the fourth, Tapia opened the inning by flying out to the shortstop, but Howie McKee singled into left and promptly stole second. Steve Oppermann followed with a sharply-drilled base hit into left center, driving home McKee and sending the Rockets out in front to stay.

Westlake came back to score twice more in the fifth when Jack Bautista was hit by the pitcher and Gordy Tydingco singled into left center with Bautista going all the way to third on heads-up base running. Bautista was thrown out at home, allowing Ed Berg to reach first on the fielder's choice. Tydingco was thrown out at third on an attempted double steal, and Tapia followed with a long four-base drive to left, which sent home two runs.

In the sixth the Rockets added insurance with six consecutive hits, which includes triples by Tapia and Dave Frost, a double by Gerry Kennedy and singles by McKee, Oppermann and Dennis Marc, to account for six more tallies.

The rockets had a total of 12 hits, four for extra bases.

DEER HIDE LAW CHANGE AIDS VETS

Legislation paving the way for donation of deer hides to veterans' organizations or veterans' service committees for rehabilitation purposes has been passed by the California legislature.

It was necessary because present law requires that hides must be retained during the open season and for ten days thereafter.

Proponents of the legislation said that the hides will be used in veterans hospitals and rehabilitation centers not only for occupational therapy but the finished products will be sold for various veterans funds.

The new law provides that the hide may be donated to the veterans' groups at any time, and that the donor shall obtain a receipt which must be attached to the antlers during the prescribed retention period.

Leader in the program was B. Clyde Watts, Jr., chairman of the Elks veterans' service committee in Sonoma county.

The bill was introduced by Senator Ed C. Johnson of Marysville, at the request of Senators Ashbire, Breed, Busch, Coombs, John F. McCarthy, Robert I. McCarthy, Miller, Parkman and Way. Assemblyman Frank Bellotti sponsored the legislation in the assembly. It becomes effective September 7.
